## MISSOURI INVESTIGATORS GROUP

MIG was founded in 2000 to provide a reporting venue for witnesses of unusual events. Many unusual events occur in Missouri each year, which are not reported and subsequently are not investigated. A goal of MIG is to have representatives in each of the 115 Missouri counties. This would create a reporting network of spotters who will be aware of what is happening in their areas and report current activity to the group. Director Barbara Becker.

If you are interested in participating in this effort, please email [ufomig@yahoo.com](mailto:ufomig@yahoo.com)

I represent MIG, the Missouri Investigators Group based in Columbia, Mo. <http://ufomig.yolasite.com>. We investigate UFO, Animal Mutilation, Bigfoot, Crop Circle and Abduction reports in Missouri and surrounding states. If anyone in Oregon County has experienced anything unusual, please contact me by email at [UFOMIG@yahoo.com](mailto:UFOMIG@yahoo.com) or go to our website and make a report.

## GEORGIA ABDUCTION RESEARCH

Alien Abduction

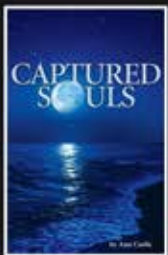

The terms or abduction phenomenon describes "memories of being taken against one's will by apparently nonhuman entities, and subjected to complex physical and psychological procedures." People claiming to have been abducted are usually called "abductees" or "experiencers." Typical claims involve being subjected to a forced medical examination that emphasizes their reproductive system. Abductees sometimes claim to have been warned against environmental abuse and the dangers of nuclear weapons. Consequently, while many of these purported encounters are described as terrifying, some have been viewed as pleasurable or transformative.

# PENNSYLVANIA LEGENDS

## The "H" Tree

Lansdale, Pennsylvania

"There is a story in Lansdale, Pennsylvania, of a tree in the shape of an H. It is actually two trees side by side connected in the middle. It's astonishing, really. The story goes that there are three H trees in the world and they all mark the gateway to hell. The tree stands on top of a twelve-foot-tall cliff, and the story is that if you walk under the middle of the trees and around the trunk of one of them six times and jump off the cliff, the ground will open up and take you to hell. The tree was knocked down during construction, and homes were put up. I certainly wouldn't want to be the family who lives in the house that was built over the tree."

## PARANOMAL TIPS - Equipment problems

There is hardly an experienced paranormal field researcher who hasn't experienced equipment malfunction. Cameras suddenly record nothing after working perfectly for months. Batteries are mysteriously drained despite being recently recharged or replaced. It is often said that the equipment failures only occur on investigations. After the investigation the equipment is usually said to work perfectly. No one seems to have done a study of this phenomenon. What evidence there is for the phenomenon is scant. People don't usually make written records to verify all their accounts. A study would entail equipment testing before, during and after investigations. Tales of the equipment malfunction phenomenon remain persistent. Is it a paranormal or natural phenomenon?

## NEWS FROM THE INSTITUTE OF FRONTIER SCIENCE

The Institute Of Frontier Science gives a great opportunity for those who are writing or making reports in the field of Ufology, as well as seasoned researchers. Its founder and leader is Steven S. Bass, who in addition to being the Founder and Director of the Institute is also well known and respected by everyone involved in the Ufology community.

"The Institute of Frontier Science is an elite fellowship of highly experienced and knowledgeable specialists in the scientific field of Ufology."

The Institute of Frontier Science offers people the chance to embark on the truths that lie within the UFO genre. IFS will also educate the uneducated on a subject that has been kept behind closed doors for much too long. The institute will take time to build, but already has the "Big Guns" in place. IFS is for the truth and nothing but. People are encouraged to join this great undertaking, for what I am sure will be a rewarding and educational venture into the science of Ufology.

## UFORCOP: COLD CASE UNIT

Cases of interest in progress include:  
Based in Pennsylvania with Independent Investigators and Researchers in a number of States reopening and reviewing unsolved cases in Ufology, Crypto Zoology and the Paranormal.

After a review of the above cases there are many questions unanswered. Time lines, evidence, witness statements & investigators reports are but a few of the issues found that lead one to believe that all is not as it seems or has been reported.

If you have any pertinent information on any of the above cases contact [butch@paufoseach.com](mailto:butch@paufoseach.com)
